

Jai Hind, Dear Parents and Students,

As the month of November begins, we are glad to announce that our school will be celebrating World Science Day on Monday, 10th November.

To mark this occasion, the school has organized a Science Exhibition. Students are requested to think of innovative project ideas and discuss them with their science teacher on 4th November.

Guidance and support will be provided by the concerned science teachers, and all doubts will be clarified. During the holidays, students are encouraged to explore their experiments and begin working on their projects.

All the Best!
