Dear Parents,

Jay Hind.

About NELTAS

In this rapidly changing world where academic competition has become the norm, institutes that focus on providing international platform for students to showcase their skills have become increasingly popular. One such institute is NELTAS, dedicated to English, Maths, and Science competitions for students on an international level for grades 2nd to 8th.

Time / Venue: During school hours in the school premises

As the first round of NELTAS exam is completely **free of cost** students are required to participate in this exam. However, there is a registration cost for **only those students** who **get selected** for the **grand finale** round. The registration cost for grand finale is **350 Rs** which will be deducted from the student's bank account. Students who wish to buy books for the exam can visit this website link: <https://neltas.com/study-material/> and **order it online** directly.

Students can participate in all the three, two or any one NELTAS exam as per his/her choice.
